In accordance with NCAA Bylaw 13.12.1.7.1 (Employment of Prospects/No Free or Reduced Admission Privileges) an institution, members of its staff or representatives of its athletics interests shall not employ or give free or reduced admission privileges to a prospective student athlete who is an athletics award winner or any individual being recruited by the institution per Bylaw 13.02.13.1. For purposes of this rule, a prospective student-athlete includes anyone in the ninth grade, regardless of whether the ninth grade is part of a junior high-school system.
